ELECTRONIC DEVELOPMENTS FM CONVERTERS

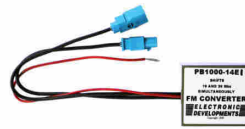

PB1000-10 std aerial plugs
Filtered and amplified
to full signal at 10MHz shift

PB1000-14 std aerial plugs
Filtered and amplified
to full signal at 14MHz shift

PB1000-10E1
Euro 2000 on with power bypass
Filtered and amplified
to full signal at 10MHz shift

PB1000-14E1
Euro 2000 on with power bypass
Filtered and amplified
to full signal at 14MHz shift

PB1000-10EVW
Euro button with power bypass
Filtered and amplified
to full signal at 10MHz shift

PB1000-14EVW
Euro button with power bypass
Filtered and amplified
to full signal at 14MHz shift

PB1000-10H1 Honda, Mistubishi
Mazda, Suzuki 2005 on
Filtered and amplified
to full signal at 10MHz shift

PB1000-14H1 Honda, Mistubishi
Mazda, Suzuki 2005 on
Filtered and amplified
to full signal at 14MHz shift

PB1000-10N
Old style Nissan 2 pin
Filtered and amplified
to full signal at 10MHz shift

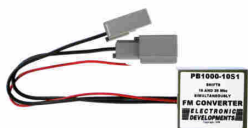

PB1000-14N
Old style Nissan 2 pin
Filtered and amplified
to full signal at 14MHz shift

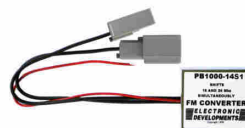

PB1000-10N1 Nissan 2007 on
Filtered and amplified
to full signal at 10MHz shift

PB1000-14N1 Nissan 2007 on
Filtered and amplified
to full signal at 14MHz shift

PB1000-10S1 Subaru 2005 on
Filtered and amplified
to full signal at 10MHz shift

PB1000-14S1 Subaru 2005 on
Filtered and amplified
to full signal at 14MHz shift

PB1500 US to Std FM
0.1 MHz shift

PB2000E1 Euro 2000 on
Filtered and amplified
to full signal at 10/14MHz
& 20/28MHz shift

PB2000S1 Subaru 2005 on
Filtered and amplified
to full signal at 10/14MHz
& 20/28MHz shift

PB1500E1 US with Euro plugs to Std FM
0.1 MHz shift
